maisha.maimuna@pte.hu

Front-end: HTML/CSS, React.js, Next.js.

Back-end: JavaScript, PHP, SQL, Svelte

Design: UI/UX wireframing, Figma, Adobe XD, Sketch.

Collaboration: Agile Development, Asana, Slack, Miro.

PROFESSIONAL EXPERIENCE

HARVEST GREENER

Vienna, AUSTRIA

Junior Front-end Developer

July 2023–October 2023

- Spearheaded the evolution of a B2B platform from the beginning to end, employing HTML, CSS, React.js (Front-end), and JavaScript (Back-end). The enhanced design facilitated seamless transactions, empowering hundreds of local farmers to efficiently showcase and vend their produce to potential buyers.
- Utilized Git for version control, ensuring efficient collaboration and code management within an Agile Development environment.

PERSONAL PORTFOLIO

<https://maishapriyota.github.io/reactweb/>

Full stack development

- Developed a dynamic personal portfolio website using React.js, incorporating a wide variety of CSS features and styling techniques. Downloadable CV, mobile responsiveness.
- Implemented advanced frontend components and interactive elements, including but not limited to custom animations, transitions, and hover effects.
- Utilized CSS grid, flexbox layouts to create visually appealing and responsive designs across different screen sizes.
- Integrated features such as dark/light theme mode, custom typography, and vibrant color schemes to enhance user experience and engagement.
- Leveraged CSS preprocessors and modular styling approaches to maintain code scalability and organization.

DESIGN PORTFOLIO WEBSITE

<https://maishapriyota.github.io/maisha-design.github.io/>

Front-end Development

- Designed and developed a comprehensive UI/UX portfolio website using HTML, CSS, and JavaScript
- Implemented a download feature for UI/UX designs in PDF format.
